Dear Parents/Guardian

Letter to Parents/Guardians – Term 2

I hope this letter finds everyone well. I would like to thank all parents for working closely with the school in Term 1. As we come to the end of Term 1, there is some information that I would like to share with everyone.

The last day for Term 1 will be this Fri, 10 Mar 23. Thereafter, we will break for the March Holidays which will run from Sat, 11 Mar to Sun, 19 Mar 23. Term 2 will commence on Mon, 20 Mar 23.

Speech Day

This year's Speech Day festivities will take place on Fri, 10 Mar 23, from 6:45pm to 9pm. One of the highlights this year is the Caring Hearts Carnival, proudly put together by our students, which will provide an afternoon of fun and games for invited senior citizens from eldercare centres.

This will be followed by the Parade and Prize Presentation, which is taking place in the evening to allow parents/guardians to join us in celebrating their child's/ward's achievements.

Academic Competitions

Our students have performed well in academic-related external competitions.

Mathematics

Yishunites took part in the Singapore and Asian School Mathematics Olympiad (SASMO) 2022 and were awarded 1 Silver and 6 Bronze awards, and received 3 Honorable Mentions.

Our students from the Normal Course students took part in the All Singapore Secondary Mathematics Competition for Normal Course 2022. Our Secondary One students from the Normal Academic and Technical Course won the Top 5 positions in the Individual Category and in the Team Category.

Humanities

Our Secondary Two students took part in the NLB-CPDD Historical Scene Investigation; a competition organised by the National Library Board, and they clinched the Gold Award in the competition.

Science

Our student-representatives who took part in the 11th International Biomedical Quiz organised by the Anglo-Chinese Junior College (ACJC) Science and Mathematics Council emerged victorious; clinching the Individual Silver Award for their stellar performance.

These competitions are our conscious efforts to provide our students with a platform to showcase their knowledge and skills. These awards show our students' ability to apply their learning beyond the classroom.

Achievements in CCA

In 2022, we welcomed the resumption of the National Schools Games (NSG) and many other competitions. We also celebrate the achievements of our students who have performed well in competitions bringing honour to the school and their CCA.

Student-Initiated Learning Programme

Lower Secondary students are currently in the midst of their Student-Initiated Learning (SIL) module which falls on alternate Fridays. In line with the school's Distinctive Programme, students have learnt how to communicate in a local language which is not their Mother Tongue. This skill will be useful as they reach out to members of the community through Values-in-Action sessions. Students have been given the opportunity to explore their interest areas aligned with the Arts and create a product by the end of the SIL module at the end of Term 2.

We urge parents at home to support your child/ward by encouraging them in the pursuit of their projects.

Student Learning Festival

The Student Learning Festival will take place in Term 2 Week 6 where we have curated a slew of activities for students to benefit from educational and development opportunities beyond our standard curriculum. More details will be provided at a later date.

Affective Programmes for Yishunites in Term 2

We firmly believe in achieving a good balance in academic and affective pursuits. These are some of the affective programmes your child/ward can look forward to in Term 2.

Applied Learning Programme (Sonic Arts and Music) 2023

To kick-start our school's Distinctive Programme in Term 1, we had invited local singer-songwriter and filmmaker, Annette Lee, to speak about her educational choices and challenges as she carved out her career in the Arts. She also spoke about the importance of disconnecting from the Internet and shared tips on how to work towards the goals the students have set for themselves.

In Term 2, students will have a chance to explore the different facets of the Arts during the Sonic Arts and Music (SAM) week. We will also be starting the live auditions of our very own annual singing competition, Vocalistic 2023, which provides an opportunity for students to gain confidence and showcase their singing talents. The finals will be held in conjunction with the school's Arts Extravaganza, a platform to celebrate the school's achievements in the Arts.

To keep abreast with events and activities organized by the school, please refer to the school calendar at this link: <https://yishunsec.moe.edu.sg/parents/school-calendar>

As part of MOE's ongoing efforts to move away from an overemphasis in grades, there will be no Mid-Year Examination this year for our students, including our Secondary Four and Five cohort.

Once again, we look forward to working with you to provide meaningful learning experiences for our students.

Thank you and have a good term ahead. Keep well.
